

English

We will start by looking at the text 'Escape from Pompeii'.

- in narratives, creating settings, characters and plot
- using expanded noun phrases, conjunctions, and inverted commas

We will then look at a volcano fact file and create our own:

- in non-narrative material, using simple organisational devices

Geography

We will be looking at:

- Types of volcanoes and how they form.
- Famous volcanoes and where they are located.
- Ring of fire- Why is this of importance?
- People's lives and how they are affected by volcanoes.
- 7 continents and 5 oceans- where are they?
- Comparing where we live to a volcanic area

We will also be looking at Dorset and some of the physical and human features that make it a special place to live.

R.E.

Christianity (Gospel) - What kind of world did Jesus want?

Maths

This half term we are focussing on place value. The children need to be able to:

- count from 0 in multiples of 4, 8, 50 and 100; find 10 or 100 more or less than a given number
- recognise the place value of each digit in a 3-digit number (100s, 10s, 1s)
- compare and order numbers up to 1,000
- identify, represent and estimate numbers using different representation
- read and write numbers up to 1,000 in numerals and in words
- solve number problems and practical problems involving these ideas.

VOLCANOES - TERRIFYING OF TERRIFIC?

This half terms topic is looking at all things volcanoes! We will be exploring our world and looking at its destructive nature, but we will also look at how this amazing phenomenon also creates places for farming and unique habitats for animals!

Music

We will be following the Sing Up! Scheme - I've Been to Harlem, looking at pentatonic songs and practicing call and response songs.

French

We will be looking at different greetings - saying hello and goodbye - and being able to ask someone's name.

Volcanoes

Art and Design & Technology

We will be using different mediums to create volcano pictures and looking at different materials to create texture.

We will be making a volcano model and then erupting it using vinegar and bicarbonate soda!
